Relevant Experience

Software Engineer Contractor at SourceTeam

February 2020 - Present // Los Angeles, CA

- ▶ Completed multiple projects for the biggest dance company in North America, one of which I built from the ground up
- ▶ Utilize a range of different languages, libraries, and frameworks including JavaScript, HTML, CSS, Sass, React.js, Redux, Bootstrap, etc.

Projects

CODA

JavaScript (ES6+), React.js, React Hook Form, Redux, HTML5 & CSS3, Sass (BEM), Bootstrap, Moment.js, Axios, Netlify

- ▶ Developed a judging app that helps judges critique and score routines in dance competitions hosted across the U.S.
- ▶ Integrated user authentication to enable multi-user capability
- ▶ Communicated with Dance360's API and developed algorithms to sort through competition data, populate the UI, and submit judge scores back to the database
- ▶ Implemented multiple rounds of refactoring to ensure readable, modular, and performant code

Credit Card Form

JavaScript (ES6+), React.js, Redux, HTML5 & CSS3, Sass (BEM), Bootstrap, Framer Motion, Cleave, Moment.js, Axios, Netlify

- ▶ Built a modern credit card form with microinteractions such as automatic card-type detection, number formatting, and interactive animations
- ▶ Tested app across multiple browsers and devices to ensure cross-browser compatibility and a fully responsive user interface

Education

Self-Study

April 2019 - January 2020 // Los Angeles, CA

- ▶ Since discovering that software engineering offered everything I'd been looking for in a career, I committed to learning on my own, using resources such as freeCodeCamp, "You Don't Know JS," Scrimba, Pluralsight, and CodeWars

Dartmouth College

2013 - 2016 // Hanover, NH

- ▶ GPA: 4.0, SAT: 2370
- ▶ Worked with two professors to design a new course, "Civic Virtue through Literature," for which I served as a teaching and writing assistant
- ▶ Team leader for the national Bioethics Bowl competition
- ▶ Edited and critiqued over twenty research articles, was published in numerous journals, and received special recognition for assistance in Professor James Murphy's book, "A Genealogy of Violence and Religion"

Skills

Programming Languages

- ▶ JavaScript (ES5 & ES6+)
- ▶ TypeScript
- ▶ HTML5 & CSS3
- ▶ Sass
- ▶ GraphQL

Libraries & Frameworks

- ▶ React.js
- ▶ Redux
- ▶ Bootstrap 3 & 4
- ▶ jQuery
- ▶ Gatsby
- ▶ Framer Motion
- ▶ React Testing Library
- ▶ Jest

Tools & Methodologies

- ▶ Git
- ▶ Chrome DevTools
- ▶ Amazon Web Services & Netlify
- ▶ Webpack
- ▶ Postman
- ▶ ESLint
- ▶ BEM

Honors & Awards

Elite Scholarship // 2013

- ▶ won a full scholarship to attend Elite's SAT prep program

Abu-Haidar Scholarship // 2013-2016

- ▶ helped me get a nearly full ride to Dartmouth College

Sophomore Prize // 2015

- ▶ awarded to the top student or students in a class of 1,200+

Phi Beta Kappa // 2015

- ▶ was an early inductee my junior year

Rufus Choate Scholar // 2013-2015

- ▶ Dartmouth's top honor group

5 Citations // 2013-2015

- ▶ were personally written for me by my professors

Edson Memorial Prize // 2014

- ▶ awarded for remarkable academic performance
